PROJECTS & ACHIEVEMENTS

SYNAPSE

- Created an interactive live-action short exploring brain-computer interface technology.
- Built with **React**, enabling seamless video transitions where users make real-time narrative choices.
- Produced and edited cinematic sequences in **After Effects** and **Premiere Pro**, featuring HUD-style UI design and motion-tracked visual effects.
- Composed and produced the original soundtrack, enhancing atmosphere and emotional depth.
- Showcased expertise in interactive storytelling, digital media production and user engagement strategies.

KARTING CLUB

- Elected as the club's first chairperson and established its inaugural committee.
- Grew membership from 4 regulars to full capacity (27 active members), improving retention with weekly socials and competitions.
- Entered the club into its first Student Sport Ireland (SSI) championship, managing and supporting two competitive teams.
- Entered into Ireland's first women-only karting event, one of our drivers won the race.
- Oversaw all administration, event planning and committee management, building a sustainable structure for the club's future.
- Awarded the **SETU Student Recognition Award** for leadership and impact.

A DAY IN THE LIFE OF ANDREW – EXPECTATION VS REALITY

- Led a four-person team to produce a nine-minute comedic short film as part of a college assignment.
- Refined the script to improve flow and narrative clarity.
- Directed filming sessions, guiding performances and maintaining a consistent visual style.
- Took full responsibility for editing and visual effects in **After Effects**, including motion design and rotoscoping.
- Delivered a polished final cut that showcased both creative leadership and technical execution.

GLOBAL GAME JAM (2022)

- Heavily involved in concept creation and ideation, shaping the overall direction of the game.
- Produced all visual assets (sprites) and composed the soundtrack, blending art and audio for a cohesive experience.
- Collaborated with a partner in a 48-hour sprint, demonstrating adaptability, teamwork and rapid problem-solving in a global creative setting.
